A special gift from the Lotus Center.

Ever think about how awful it would be if something happened to your pet? If you're like me, you try not to let it even cross your mind.

To help keep your pets safe, I'm offering you a Pet Alert sticker. The sticker will let firefighters know to save your pet in case of an emergency like a fire or flood. You can place this sticker on a window or a door, but the best place for it is your home's main electrical box since firefighters will go to this box to cut the power.

My dog, Lotus, has been with me for ten years now. Losing him would be like losing a member of the family. I know you feel the same about your pet.

Because I recognize the special bond between people and their pets, I've made the Lotus Center for Veterinary Medicine and Services a little different than a traditional vet clinic. First, we focus on making you and your family feel comfortable. Our family sized exam rooms, children's play area, and complimentary coffee are designed to do just that.

Next, we do the same for your pet. We'll get you into an exam room fast to put your pet at ease. We're constantly aware of your pet's comfort level, and tailor all of our services to your pet's personality.

To obtain your Pet Alert sticker, please stop by our office off Route 23, just 5 miles north of 270. Or give us a call at 740.548.5688. We'd love to meet you and your pet, and give you a personal tour of our facility. And even though I want you to put the Pet Alert sticker up in your home, I hope it never has to get used.

Sincerely,

Dr. Claudia Kalish
